Information on the Hokkaido University Faculty of Veterinary Medicine and International Institute for Zoonosis Control Tour

Hokkaido University will be hosting a special tour on Tuesday, July 16.

This tour will take you to the Faculty of Veterinary Medicine and the International Institute for Zoonosis Control, which are at the forefront of infectious disease research in Japan. Located on our campus, which is within walking distance of Sapporo Station, this tour will give you a glimpse into the research being conducted there.

If you are planning a visit to Sapporo, we encourage you to consider joining this tour.
